

OGC HAS REVIEWED.

Executive

25 September 1950

Legal Staff

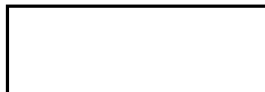

Annual Leave

1. The proposed Notice in regard to Section 1212 of P.L. 759, 81st Congress, has been reviewed. For purposes of clarity, I believe that it might be advisable to insert an additional paragraph stating that:

"An individual leaving civilian Government employment for active military or naval service may accumulate or utilize all leave accrued in 1950 regardless of his place of duty."

2. The General Counsel of the General Accounting Office advises me that he has been asked for an opinion regarding this Section of the Act, and his decision will be reached by the latter part of the week. It is not known what specific points will be covered, but I assume that whatever he says will be of value to the Agency, and it might be advisable to withhold issuance of this Notice until we have the Comptroller's viewpoint.
